

Ramadan Day 24

ENVIRONMENT

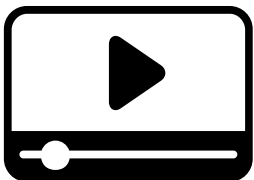

Our Deen is Green!

Taking care of our environment is so important! One way to do this is by limiting the amount of water we use.

Goodness Challenge: *Try to make Wudu with just a small bottle of water!*

****Parent Tip**** Try to make Wudu with the same amount of water as your child!

Submit your Goodness Challenge:

Take a video of you completing the challenge and upload to ***Episode 25*** at RamadanRoundup.com to earn your Goodness Challenge Card, and for a chance to be featured as a Challenge Hero on one of our episodes!
